Susan Theran : Cc: Fine Art Ipg 3rd Ed. (Fine Art: Identification and Price Guide) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Cc: Fine Art Ipg 3rd Ed. (Fine Art: Identification and Price Guide):

0 of 0 people found the following review helpful. This book was in even better condition than described. By Jack Donahue-This reference work is a must for anyone tracking down works by listed artists. I carry it with me when I visit estate sales - you never know what you'll find! 7 of 7 people found the following review helpful. Great intro sections, and an update will be welcome. By A. Decker The bulk of the book lists artists' names and price ranges listed by artist, high and low, with a sprinkling of short essays on particular artists. Even more fun and useful are the chapters in the beginning -- Where to Buy Art, Dealing with Dealers, How to Sell, Restoration. They're a neat

overview of the problems, pitfalls, and strategies for navigating the art market.4 of 4 people found the following review helpful. Don't leave home without itBy NH dealerThis book goes with me everywhere. Many non-specialty auctions have a few paintings worthy of consideration. I find that Theran's book { several of her other books: on prints,etc,} makes a difference in how I bid. I have definitely been pleased with the results.

Fine Art is the most comprehensive guide to art collecting. It features complete information on where to look, what to buy, how to buy and what to pay. Special sections include interviews with art professionals, advice on developing taste, tips on restoratin, dealing with dealers, auction terms, strategy, bidding and much more.
