**From Brand: Chipstone : Ceramics in America 2001 (Ceramics in America Annual)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Ceramics in America 2001 (Ceramics in America Annual):

At the beginning of the twenty-first century, scholarly interest in ceramics is at an all-time high. As a vehicle for much needed synthesis, Ceramics in America is an interdisciplinary annual journal that examines the role of historical ceramics in the American context. Intended for collectors, historical archeologists, curators, decorative arts students, social historian and contemporary potters, this third issue features a variety of ground-breaking scholarly articles, new

discoveries in the field, and book and exhibition reviews for this diverse audience.
