BirchExcellent police car book for my collection.1 of 1 people found the following review helpful. Awesome book!By leslie poolHave had this book for about 5 yrs. Read it front to back about 12 times. Great information and photos. Buy this book if are into emergency vehicles or Chevy.9 of 10 people found the following review helpful. Lotta good, in black and whiteBy A CustomerWealth of information if you are a 9C1 fan...Too bad there are so few colored pics...Any fan would have been ready to pay twice as much and get a full color book !! Also, some pictures bear false information legends...most common mistake, the model year..Disappointing for a book which IS the "ouvrage de reference" in Chevy Cop cars...

If you like Chevys, if you like powerful engines, or if you just like the excitement of a great story, Chevrolet Police

Cars 1955-1996 is one souped-up package that's got it all. Lift the hoods, open the doors and climb inside America's toughest police vehicles. You'll see the real Chevys-- built for speed, designed for the law and equipped to handle anything. Every chapter is devoted to a model year so you can follow development and improvement over time.
