(He has a Chevelle)0 of 0 people found the following review helpful. Great book.By Lisa JonesI found this book for my husband for Christmas. He has poured through it and has it displayed. It is great for reference and for display. Beautifully illustrated.1 of 1 people found the following review helpful. Great book.By EvelynBought this book for my husband. Great table book . Nice color pictures , good information. All around it is an excellent book.

On the 1957 auto show circuit Chevrolet unveiled a show car based on its Corvette and dubbed the "Super Sport." The performance car world took one look, and never looked back. A combination of styling and performance upgrades, the SS package could turn something as mundane as a 6-cylinder Malibu into the fire-breathing Chevelle SS396. This book traces the long line of legendary SS models from Chevys Super Sport version of its popular Impala, which

marked the dawn of the muscle car era, to today's Impala SS. Featuring the work of acclaimed photo ace David Newhardt, Chevy SS: 50 Years of Super Sport
