## **Chinese Domestic Furniture**

**Gustav. ECKE : Chinese Domestic Furniture** before purchasing it in order to gage whether or not it would be worth my time, and all praised Chinese Domestic Furniture:

Published in Peking in 1944 and limited to an edition of 200 copies, Gustav Ecke's Chinese Domestic Furniture was destined before long to become one of the most sought-after items in the book trade. It's reputation among collectors and interior decorators, particularly during the recent upsurge of interest in Chinese furniture, has risen to new heights.

This rare book is once again available in a complete and unabridged photographic reprint of the original edition, including all of its 161 plates, in which 122 masterpieces of Chinese furniture are illustrated, 21 of them in measured drawings.
