CHINESE SWORDS, Vol. III, Nationalist P.R.C.

Mr. Jan E. Culbertson : CHINESE SWORDS, Vol. III, Nationalist P.R.C. before purchasing it in order to gage whether or not it would be worth my time, and all praised CHINESE SWORDS, Vol. III, Nationalist P.R.C.:

0 of 0 people found the following review helpful. 3 stars for rarityBy B. J. SmithThis book offers a fairly good rundown of a particular set of weapons from the Nationalist and P.R.C armies. Unfortunately none of the pieces discussed in this book receive the attention that even a moderately skilled expert in sword analysis could deliver. Their design philosophy, evolution, and use receive little attention. The martial arts, however limited, that use them receive almost no attention. I would rate it lower, but it is, unfortunately, very difficult to find better works.

Reference book on Chinese Nationalist and People's Republic of China swords.
