Very well researched, and the shapes and catalog pages at the back are especially helpful. I do wish the pattern photographs on each page were both larger and of better quality, though ~ that would seem a better match with the sterling quality of the rest of the book.0 of 0 people found the following review helpful. The Most

Helpful Chintz Book In PrintBy Barbara G. ScottReally helps the serious collector in looking up all the different patterns of chintz and to get an idea of the pricing now. The color photos are also very helpful!0 of 0 people found the following review helpful. Five StarsBy CustomerA+++

A catalogue so thorough collectors refer to it as a bible, this full-colour publication covers all the major and minor

Chintz makers. Featuring over 20 makers, nearly 200 different patterns, current pricing and over 30 pages of shapes, this catalogue contains essential information for the Chintz connoisseur and novice alike.
