Christie's Guide to Jewellery

Sarah Hue-Williams : Christie's Guide to Jewellery before purchasing it in order to gage whether or not it would be worth my time, and all praised Christie's Guide to Jewellery:

0 of 0 people found the following review helpful. Five StarsBy HoustonNativeThe book was in excellent condition4 of 4 people found the following review helpful. Beginner's bookBy J. MalnarIt covers the main styles (and calls edwardian belle epoque, which is really confusing - the styles and their various names in various parts of the world and the chronological overlapping is killing me.. i'd love to find it in a neat table :)), main gems (ruby, emerald, sapphire, diamond) and includes some REALLY neat photgraps of gems and a few important pieces of jewellery.

Nice book for a gem / jewellery aficionado to have.

For more than 200 years, buyers and sellers have sought advice from Christie's specialists. For the first time, Christie's

shares this knowledge in an easy-to-use guide to jewelry with stunning color photographs. Christie's Guide to Jewelry provides essential facts and advice on how to appreciate and understand jewels. What should you look for in a gem?

Which artificial enhancements should you be aware of when choosing a stone? Why is spinel one of the most underrated gems today? Offering everything from a description of the four "C" categories to an explanation of the origin of the word "carat," Christie's Guide to Jewelry is a must-have book for both serious and amateur collectors.

About the Author A graduate of Cambridge University, England, Sarah Hue Williams has been a gemologist, jewelry historian, author and lecturer in the field for the last ten years.
