CHRISTMAS HOUSEHOLD TEXTILES by Jeanette and Donald MichaletsBy Textile CollectorIf you want information and pictures on old holiday textiles, this book is for you. It has wonderful photos of every kind of linen or textile, for Christmas time. I remember many of these textiles from my childhood and early marriage days in the 1960's. I am thrilled to find out more information on various nostalgic items. There are 12 chapters, from hankies to aprons, and from towels to tablecloths. You can find almost anything in this great reference book. It would be a big help for selling vintage linens, too, because it has a price guide listed. The same author also wrote a book on Vera Neumann, called "VERA TEXTILES".

Steeped in traditions and memories, holiday textiles have long been a part of the magical fabric of Christmas. Grandma's festive tablecloth or Mom's holiday apron are vivid reminders. Greeting cards in a special Santa Claus

mailbag, or presents on a felt-trimmed tree skirt can bring glowing holiday memories flooding back. Illustrated with over 440 festive color photos, this book captures the beauty, charm, and whimsy of a wide-range of Christmas textiles, both mass-produced and handmade, from the 1920s to 1970s. Included are handkerchiefs, tablecloths, tree skirts, tea towels, table runners, and aprons. Some packaging is shown and values for each item are provided in the captions. If you love Christmas fabrics, as well as poinsettias, Santa Claus, candles, and Christmas trees, this book is for you!
