Christmas Jewelry is a MUST HAVE for collectors and dealersBy Ann M. PitmanChristmas Jewelry by Mary Morrison is the very best book currently available concentrating on costume Christmas jewelry. The photography is excellent, allowing you to clearly see the details in each pin. Mary's descriptions with each photo are informative and interesting. It's size is very convenient for carrying to shops and shows. It is extremely easy to use. The variety of pins shown is staggering; as a Christmas tree pin collector with over 100 pins, my only disappointment with this book is that it is not a catalog where I can place orders!4 of 4 people found the following review helpful. Christmas Jewelry by Mary MorrisonBy KayBeelf you are not going to amass a huge selection of reference books on Christmas Brooches, this needs to be among the chosen few. With so many manufacturers and designers inundating the stores every holiday season~ it's good to remember that pieces bought today will be vintage pieces soon. This book does what it should in highlighting the memorable ones. The size of the book is "travel friendly" on the hunt for just the right piece.

Christmas costume jewelry produced in the last fifty years has never before been so carefully explored. Here are Christmas tree pins, wreaths, ornaments, Santas, snowmen, and other decorations set with rhinestones mounted as earrings and pins. Over 340 dazzling photographs display over 900 different jewelry pieces by noted manufacturers, some common and some so rare they are found in only a few collections. This is a book you will want to have when you daydream and take with you when you shop. With a revised Price Guide reflecting current values.
