Christmas Remembered

Ben Logan : Christmas Remembered before purchasing it in order to gage whether or not it would be worth my time, and all praised Christmas Remembered:

1 of 1 people found the following review helpful. Wonderful!!!By NancySimply wonderful. It's impossible not to feel and find the Chrismtas Spirit in this marvelous book. I was reminded that some of the most powerful and profound lessons and feelings in life are found at home with family and never more so than at Christmas time. I will buy this book for several family members as well as a couple friends and will read it every year as a reminder of goodness during a simpler, gentler time...and try to incorporate some of this goodness in my own life...a gentle reminder to slow

down and take time for one another. The lesson? Think less of yourself and more of others.0 of 0 people found the following review helpful. Five StarsBy CustomerWonderful evocation of a simpler time in America.0 of 0 people found the following review helpful. Very good stories just love thisBy CustomerVery good stories just love this book

Ben Logan won the hearts of readers the world over with his 1975 memoir, *The Land Remembers*. He returns to the farmland of his youth in *Christmas Remembered*, a loving tribute to holiday rituals and the people who make them happen: people like his mother, who was married on Christmas Day, and people like his wife, who brought her own traditions from the mountains of Mexico. Rituals do not persist simply because they may possess a magical power from outside us, Logan tells us. They live because they touch something inside us that is wanting and waiting to come out and express itself. With a new foreword by Christopher Lehmann-Haupt, *Christmas Remembered* will make you laugh and cry and grow nostalgic for your own holiday seasons past.
