Cigar Lover's Compendium

Lawrence Dorfman : Cigar Lover's Compendium before purchasing it in order to gage whether or not it would be worth my time, and all praised Cigar Lover's Compendium:

After an expert tutorial on choosing, buying, lighting, smoking and enjoying a good cigar, The Compendium gets into the finer points of smoking, finding the right cigar shop, then gets into the arcania of the cigar, with lengthy sections of cigar-related quotations, anecdotes, jokes, and, finally, a state-by-state listing of the country's best cigar stores and

lounges.
