western stories. Many of the stories were written in the early 1900's, they are just as good today as when they were first written. pat3 of 3 people found the following review helpful. StepDad loved it By T. E. Evans He has been reading westerns for years now and he stated this one was one of the best he has read 2 of 2 people found the following review helpful. Great mix of tales! By Thomas A. Keables Great mix of authors, time periods and western themes that make these stories ageless and entertaining. McCoy has done a superb job of selecting some good 'uns for an extremely enjoyable read.

Roping a buffalo, running off cattle rustlers, sitting out a winter storm in a cave-adventures like these were all part of everyday life for the cowboy. They're depicted here in stories that have stood the test of time, by writers whose words are just as funny and wise today as they were one hundred years ago. Covering all corners of the great Western expanse-from Montana to Mexico, California to the Mississippi-the stories in this collection represent not just the Anglo male perspective but also that of the blacks, Mexicans, and women who made their lives on the range. It features works by Owen Wister, Theodore Roosevelt, Frederic Remington, Isabella L. Bird, Nat Love, Bill Nye, Charlie Siringo, Zane Grey, Andy Adams, Mark Twain, E. Mulford, O. Henry (creator of the Cisco Kid), and many others, including some surprises by little-known authors.

"18 of the finest fictional works and true narratives about life on the range, all having stood the test of time."--Museum Store magazine
