A Great Gift for the Guitar Enthusiast in Your LIfeBy lindarabbitUnless you are Bruce Springteen, Eric Clapton, Elvis Costello, etc., you could hardly afford the guitars featured in this publication. This book allows you to dream, though. It makes a great gift for the guitar enthusiast in your life. I bought it for my son. He has enjoyed it (but maybe he is just being nice to his mom)!3 of 4 people found the following review helpful. A most helpful book!By Richard KregearAs a newcomer to the vintage guitar craze, I found this to be the most helpful book I've found so far. Fun and interesting reading. Color pictures would have been nice, but the black and white ones will do. Most helpful to me was info on the smaller, lesser known makers, the overseas contracts, and what to look for and avoid. Good job!

This is a book for anyone who loves guitars - whether you want to just learn more about them and their history, or if you are tempted to enter the world of collecting. It includes descriptions of over 125 brand names and over 540 photos, as well as sections on guitar terminology and parts information. You will also learn how to recognize counterfeits and forgeries. 9 inch. x 12 inch..
