Mercury Dime Fold Out Folder With DatesBy countryldy812Are you saving those dimes? Need a place to keep them all in tact without the wear and scratches? This handy folder which is made especially for Mercury Dimes

works very well. The dimes are placed in the folder by " popping" the coins in. Just need to press hard so they don't escape from your fingers. Once in place, they will remain unless they are "popped" back out. Using fingers and pushing will get them to pop in and out of the folder holes. Dates show for each dime so you have an easier time to keep them in order and you will know by seeing any empty holes that those are the ones your looking for next. The folders are flat and easy to stack ontop of one another. Too much bending backwards of the folds can result in them seperating, but your coins should still remain in those little holes, or tiny pockets, as they were made well to do that job.

Thanks to the Statehood Quarter Program, coin collecting has never been more popular. And to take advantage of this new interest in the hobby, we're giving our complete line of Whitman Classic Coin Folders a beautiful new look.-- Multi-million dollar cover updates for the entire Whitman line!-- True-to-life foil colors reflect and beautifully represent the coins each folder holds -- e.g. Copper foil for Lincoln Cents, Silver foil for Jefferson Nickels.-- Traditional Whitman blue vinyl matches past Whitman products.
