ColeI have purchased three Whitman coin folders and had trouble getting the coins in all of them because the circular holes were not cut large enough. When I tried to put the coins in one of the folders the backing cover split and now you can put your finger through the hole. I've always purchased Whitman in the past without problems but apparently they no longer have quality control over their products. As a further warning: I also bought some Warman's folders and the circular holes would not keep the coins in--they were cut too large and the coins kept falling out every time I tried to close the folder. Although these folders

were glossier they weren't even as good as the defective Whitman folders. None of them were worth the money paid.0

Thanks to the Statehood Quarter Program, coin collecting has never been more popular. And to take advantage of this
new interest in the hobby, we're giving our complete line of Whitman Classic Coin Folders a beautiful new look.--
Multi-million dollar cover updates for the entire Whitman line!-- True-to-life foil colors reflect and beautifully
represent the coins each folder holds -- e.g. Copper foil for Lincoln Cents, Silver foil for Jefferson Nickels.--
Traditional Whitman blue vinyl matches past Whitman products.
