The replica coins are well done and give an excellent representation of the "real" items of that period. It is a shame that they have not brought this book back into production. IF you are looking for numismatic details on Biblical Coinage you will have to go to a more definitive and costly book. This one is a "wet-your-appetite" basic book giving you the basic facts. A "great" introduction book for your grandkids!0 of 0 people found the following review helpful. Nice gift, for yourself or someone else!By GreenBugI gave this as a gift and the couple loved it; they told me it's on display in their home.1 of 1 people found the following review helpful. Great for kids!By Thomas N. CrockerThis book is great for young children. Nineteen pages aren't sufficient for adults but should work fine for adolescents. The copy coins look good but would only fool the most uninformed collector so you don't have to worry about them being misused.

Heavy Hardcover Book (approx. 5 1/2" x 9 1/2") with 3 Replica Coins of the Bible and 19 pages. Coins are Tribute Penny, Half Shekel and Widow's Mite. Contents Includes: Familiar Symbols on Jewish Coins, Parables Christ Used Concerning Coins and How much Money Worth at the Time, Manufacturing and Dating Ancient Coins, Judean Timeline, Coin Collecting and Grading Ancient Coins, Historical Maps, Landscapes of the Bible
