[Free read ebook] Collectible Model Trains (Collectibles)

## **Collectible Model Trains (Collectibles)**

**David-Paul Gurney : Collectible Model Trains (Collectibles)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Collectible Model Trains (Collectibles):

0 of 0 people found the following review helpful. Good pictures and content, but should be largerBy BizzyBeeI gave it as a Christmas gift, which the recipient seemed pleased with. I will say I was surprised at the book's small size. It is thick, but small. Some pictures of train models run across two facing pages with the book seam down the middle, which gives more viewing area but still not ideal.2 of 2 people found the following review helpful. Collectible Model Trains (Collectibles)By Rosemary MinterI purchased this book as as a Christmas gift for a long-time model train collector. He could not put it down and read it every morning with his coffee! What surprised him was that there was so much information that he new to him. Needless to say, he was delighted with his gift and so was I. Thank you to the author.0 of 3 people found the following review helpful. Vintage a go goBy carl r. salanitro1 STAR IS WRONGO! SORRY, BUT YOU DON'T KNOW TRAINS. You should be a rock star critic.CRS

Flammarion's Collectibles series continues with a wonderful selection of 400 tinplate trains including classic engines, passenger cars, elegant sleepers, and rolling stock in antique designs that will delight modelers and metal toy collectors alike. Here are the timeless, sturdy designs of Bachman, Hornby, Paya, Lionel, Bing, Mrklin-revered US and European model train manufacturers who produced electric trains for children that now command high prices and

instant nostalgia from adults.
