Collecting Baseball Memorabilia

Dan Zachofsky : Collecting Baseball Memorabilia before purchasing it in order to gage whether or not it would be worth my time, and all praised Collecting Baseball Memorabilia:

1 of 1 people found the following review helpful. Now in an updated second editionBy Midwest Book ReviewNow in an updated second edition, *Collecting Baseball Memorabilia: A Handbook* is filled cover to cover with advice for collectors of everything from autographed baseballs, bats, and photos to how to design a room for memorabilia display, to a guide to acquiring signatures of each living member of the Hall of Fame, to savvy tips for taking advantage of online auctions (and avoiding scams)! Written by teacher and Society for American Baseball Research member Dan Zachofsky, *Collecting Baseball Memorabilia: A Handbook* is a thoroughly accessible guide equally valuable to novice collectors and advanced hobbyists searching exhaustively for that one last signature. "Avoid purchasing unreasonable and overpriced memorabilia from dealers. It is very easy to be enticed by the autograph craze. Collectors should be careful about purchasing the 1998 New York Yankees team baseballs and other items from

some dealers. A New York company conducted a limited signing of 500 Yankees team baseballs with an excessive unit price of, \$1,200. Collectors realize the Yankees have a rich tradition and history; however, the hefty price was determined prior to the outcome of the 1998 World Series."6 of 7 people found the following review helpful. Baseball

MemoriesBy FrankSince collecting baseball cards many years ago I have always been an admirer of Baseball memorabilia collections. I never started on because it always seemed too difficult. This book makes it easy. From the aficionado to the novice,from the young to the old,this book encompasses all aspects for starting,adding to, or preserving a baseball collection. Amazing insight into the collecting world it gives great advice and tips that are so valuable to a new or even seasoned collector. This book is the "Ball Four" for collectors as it gives an insiders view from someone did it. It has interesting comments and synopsis of Hall of Famers and baseball park and team information. Concise and easy to read with great photos and a foreword by the "Duke of Flatbush",my hero. A must read for anyone into collecting or who enjoys baseball memories.0 of 0 people found the following review helpful. as described .By Williamsfine. Received as described. as a gift to tiny, Thin and sharp. Well excellence. Great product. good product .

This volume instructs both the hardened hobbyist and the uninitiated in the best ways to obtain autographed baseball memorabilia, providing insider information on making person to person and mail requests, purchasing from dealers and online.

"this book is an enjoyable, detailed look at the world of collecting baseball stuff"--The Diamond AngleAbout the AuthorBroward County, Florida, educator Dan Zachofsky was named as the state's Teacher of the Year in 1994. A member of the Society for American Baseball Research, he has been a passionate collector of baseball memorabilia for nearly three decades. He lives in Coral Springs.
