[Download pdf] Fashionable Clothing from the Sears Catalogs: Early 1960s (Schiffer Book for Collectors)

## **Fashionable Clothing from the Sears Catalogs: Early 1960s (Schiffer Book for Collectors)**

**Tina Skinner : Fashionable Clothing from the Sears Catalogs: Early 1960s (Schiffer Book for Collectors)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fashionable Clothing from the Sears Catalogs: Early 1960s (Schiffer Book for Collectors):

0 of 0 people found the following review helpful. Five StarsBy Customerfantasic2 of 2 people found the following review helpful. A good accurate referenceBy Mrs AmattA good accurate reference book showing several actual pages from the Sears Catalog. There are sections on Women's, men's children's clothing the emphasis being on women.The only complaint would be that there is not enough, I would have preferred more photos showing a wider range though it is still a very usual book for anyone interested in this time period.

Enjoy a parade as an era marches by, marking an end of innocence and the dawn of psychedelic style. One in a series of books from Schiffer Publishing documenting fashion trends in America. These books are an invaluable resource for costume designers working to recreate an era, for collectors who want to document vintage clothing, and for fashion designers looking to revive and rework styles. A visual treasure chest, this book has over 400 images, with thousands of items of clothing pictured. Here is a picture encyclopedia of hats and hairstyles, gloves and galoshes. A complete catalog of America's mainstream clothing, with images of everything from collars to pant cuffs.

About the AuthorTina Skinner is a professional writer and editor specializing in fashion and textile history.
