Fifties Furniture by Paul McCobb: Directional Designs (Schiffer Book for Collectors)

Paul McCobb : Fifties Furniture by Paul McCobb: Directional Designs (Schiffer Book for Collectors) before purchasing it in order to gage whether or not it would be worth my time, and all praised Fifties Furniture by Paul McCobb: Directional Designs (Schiffer Book for Collectors):

0 of 0 people found the following review helpful. Four StarsBy jerry morganexcellent coverage; I was sales mgr of this firm0 of 0 people found the following review helpful. Five StarsBy Ned DarrGreat reading2 of 3 people found the following review helpful. don't botherBy Marsha Ann SpringerThis is nothing more than a catalog reprint, 'written' by someone needing to get out of the office on time. These Directional images are all over the net, era furniture magazines, and period New Yorkers. There is a willing audience for an insightful, knowledgeable book about Paul McCobb. This ain't it.

Today Paul McCobb's furniture and interior designs of the 1950s rank alongside Russell Wright, Gustav Stickley, and

Heywood-Wakefield as marked staples in modern design. Paul McCobb's Directional Designs furniture line exhibits the low-cost, functional, and versatile furniture components, storage units, and interiors that earned McCobb the title of "America's decorator" during the mid-twentieth century. Containing over 100 coordinating room settings, including chairs, sofas, desks, benches, shelves, interiors, and much more, with information on McCobb's achievements and design principles, up-to-date price guide, and index, this book presents one of the backbones of modern design.
