Fill 'er Up!: The Great American Gas Station

Tim Russell : Fill 'er Up!: The Great American Gas Station before purchasing it in order to gage whether or not it would be worth my time, and all praised Fill 'er Up!: The Great American Gas Station:

0 of 0 people found the following review helpful. "Fill'er Up " fills the bill.By Thomas W AdamsI liked Tim Russel's style of writing. His presentations and illustrations took me on an enjoyable nostalgic journey. The book visits many parts of the U S A and abroad. A clever and creative presentation!0 of 0 people found the following review helpful. Memories of early jobs at gas stationsBy Richy DExcellent book and brings back memories for people who worked in stations in the 50's. Have a friend who worked in one in1951 and he will enjoy this book.0 of 0 people found the following review helpful. Five StarsBy Ed WeichslerLoved the book

In this car culture of ours, what could be more American than the gas station, from the roadside pit stop in the middle of nowhere to the spit-and-polish, full service city shop? This brightly illustrated history of service stations runs the gamut from East to West, North to South, spotlighting the culture and lore of the gas-pumping garage that has kept the

United States moving for a century. Whether it's the last-chance Texaco or the Sinclair dinosaur winking in the distance, the beckoning Shell, or the winged Mobil horse, it's here in all its small-town glory of compact architecture, inspired promotions, art deco pumps, and endless views of the American horizon. Author Tim Russell, one of the world's foremost collectors and historians of Petroliana, rolls out the ribbon of highway that takes us to all of those way stations of Americas motoring past.

From the Inside FlapDing, ding! The sound echoes through the station bay as a vehicle slowly comes to a stop in front of the gas pump. A uniformed attendant jogs out with a smile, tips his hat, and goes to work. The days of full service gas stations are a thing of the past, but it will never be forgotten in the minds of many petroliana enthusiasts. Snappy slogans, architecture and color schemes of the station itself, incentives and giveaways, stamps, and clever advertising from the first few decades of the twentieth century until today's fully stocked convenience stores are covered in Fill er Up! The Great American Gas Station.
