A stunning 9x12, hardcover, landscape format deluxe coffee table book with French fold dust jacket. This beautiful color coffee table book is the second in a series featuring Italy's master engravers. Firmo Fracassi is without a doubt one of the world's finest engravers and his attention to details defies the imagination. Many stunning macro images of his best works have been included in this landscape format, 236-page, full color hardcover book. His daughter Francesca also has her own section. This is the only book ever done featuring Fracassi's finest works!

Firmo Fracassi is a legend in his own time - the Grand Master of bulino engraving. It has been my privilege to own a number of Fracassi engraved shotguns, and I'm waiting for several more! The images in this unique publication will give the reader an instant impression of the art of bulino engraving. The illustrations selected are without a doubt the finest examples of bulino engraving created by the master's hands. Every time I handle one of my Fracassi creations, I see something new in the design and execution. This 2nd Edition in the Italian Master Engraving Series is the next best thing to having a Fracassi masterpiece of your own. --Robert M. Lee, publisher Art of the Gun seriesAbout the

AuthorBorn in Gardone, Val Trompia, Italy in 1968, Elena Micheli-Lamboym spent her early childhood in the mountain and lake regions of Northern Italy.
