The book I have is a charming small hardcover loaded with photos of the work, instructions and a pocket in the back of the book that contains very high quality patterns. What more could you ask for? the book and the patterns with it, and simple, detailed instructions, and photos and examples. I would think this would make a lovely gift for someone who interesting in weaving/embroidery, (for yourself!) and it's very educational and unique. A lost art! Money well spent!
