Outstanding: Fitzgerald's "Four Centuries..."By Richard PabstThis book is as thorough as it is readable. A comprehensive look at American furniture, Four Centuries will provide the reader with excellent photos and text. It is written in a style that is useful to both the expert and the newcomer to American furniture design. This book is a must for your library! RWP0 of 0 people found the following review helpful. Five StarsBy emsExcellent book which I used in conjunction with a course taught by Mr. Fitzgerald.

Tour American styles, periods, and types of furniture. This examination of Chippendale, Shaker, Rococo, and many

other distinctly American creations showcases the artistic merit of American furniture.
