I built some Frank Lloyd Wright-inspired furniture for a client, and gave her this and another book on the architect's work. This is a small, napkin-size book...you won't get large detailed photos here. That said, the client appreciated the gesture and the books helped tie FLW's work to mine.

The book was smaller that I thought, but still very interesting.

My fault...I didn't realize it was so small..

From built-in furniture to lighting, textiles, tableware, and mosaics, this book introduces readers to the wealth of interior objects that bear the Wright imprint. Not afterthoughts, but parts of the architectural whole, Wright's furnishings and decorative pieces created a sense of repose--the key in his mind, to a proper home. By Carla Lind. 60 pages, 35 color photographs, 3 black white photographs, 5 1/4 x 5 1/4". Casebound, with dust jacket.
