McEntyreI was really looking forward to getting this book but after receiving it, it kind of feels like half of the pages were recycled from the mommy's time out book. I'm not a parent so I don't say things like "who peed on the toilet." I expected stuff like how traffic sucks, or a bad hair day but it wasn't that. There are a few pages I like but had I known what the majority of the pics were I would've passed on it0 of 0 people found the following review helpful. Love it!!By lori costaWhat isn't there to love about a book that describes how we all feel being a mom , a bread winner , a spouse or just having a room mate?! The phrases dealing with sending someone to their room , not cleaning the dishes , doing the laundry or having a man/son who has the inability of hitting the toilet bowl INSIDE :) will have you giggling away your angst as you color away. The Queen has once again hit the ball out of the ballpark with this book.0 of 0 people found the following review helpful. ... a short time span because her art is incredibly fun and relates to every day struggles that life throws ...By Kathy

Hoffman This is the second book of Jamesa Leyhe's that I have bought in a short time span because her art is incredibly fun and relates to every day struggles that life throws into the mix. As a mother of 3 teenage boys you can imagine the piles of laundry, the last minute "I forgot this project was due, so I need posterboard" at 10pm at night, etc. Time-out gives my anxiety time to to lower, adorable artwork that is fun to color and a great way to de-stress. I love something I can relate too.

Special Price \$5.99 REGULAR \$10.99 LIMITED TIME Fuck My Day When your having a bad day and things are not going your way color in Fuck My Day.
