## Fun Jewelry 3ED

**Nancy Schiffer : Fun Jewelry 3ED** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fun Jewelry 3ED:

0 of 0 people found the following review helpful. Nice bookBy dtI liked this book a lot. it was informational and interesting to look thru. Many many very nice color photos.

Whimsical jewelry that incorporates images of people, animals, flowers, birds, fish, insects, ingenious tremblers and duets, and totally imaginary beasts are featured here, comprising a delightful cross-section of styles that all can be described as "fun." These are the mechanical and light-hearted designs that tickle one's humor and provoke a smile. They may contain important gems and expensive metals, or they may not, for in this jewelry it is the design that wins the nod. Antique as well as modern jewelry, and fine as well as costume designs appear together here to create this appealing collection from European and American sources. Fun Jewelry contains over 400 beautiful color photographs

showing over 1,000 pieces and an explanatory text which identifies all marked pieces. Drawn from many styles and times, this fun jewelry is sure to become a favorite of all who enjoy decorative ornamentation.
