I have been to many of the museums and enjoyed the collections section very muchBy Robert SchoonoverAs a golf club collector I have been to many of the museums and enjoyed the collections section very much.1 of 1 people found the following review helpful. A Labor of LoveBy RAM3XSThis book took over five years to write. We visited over fifty of the world's best collections of rare, unique, colorful and historical golf artifacts that ran the gamut. There are over 600 images, carefully selected from over 6,000 that we captured, Similarly just 36 of the collections were sufficiently grand to make the cut. There are dozens of items that are kept in private collections or clubs and have not and would not otherwise be viewable by the public. Readers have been entranced by the variety, the descriptive captions accompanying each image and experiencing the rich heritage of golf. There are tutorials on the origins of golf, collecting clubs and a narrative about the evolution of the golf club, ball ,and tee. Readers have responded enthusiastically , commenting that they find the book informative, educational, and enjoyable. Readers can peruse an area of interest or become totally immersed in a comprehensive read. Hope my review helps. As a co-author I gave it 5 stars!
