[Download pdf] Greek Coins and Their Values Volume 1: Europe

## **Greek Coins and Their Values Volume 1: Europe**

**David R. Sear : Greek Coins and Their Values Volume 1: Europe** before purchasing it in order to gage whether or not it would be worth my time, and all praised Greek Coins and Their Values Volume 1: Europe:

2 of 2 people found the following review helpful. Great ResourceBy No BS guyWhile not as classic as his Roman series, Sear's book is one of the few out there actually useful in helping folks identify ancient Greek coins.0 of 0 people found the following review helpful. Four StarsBy CustomerIn need of a modern feel. USD wouldn't hurt. Why not more pics..?0 of 0 people found the following review helpful. Five StarsBy Rockhound MikeAnother good basic classic reference book.

The first volume of this catalogue deals with the issues of the Greek cities in Spain, Gaul, Italy, Sicily, Macedon and Thrace, Illyria and Central Greece, the Peloponnese, the Aegean Islands and Crete; also the Punic and RomanoCeltiberian coinage of Spain, and the Celtic coinages of Gaul, Britain (uninscribed issues), and Central Europe. The primary arrangement is geographical (west to east) and the listings are divided between Archaic issues (before circa 480 BC) and Classical and Hellenistic (later 5th century down to 1st century BC).
