Check out the latest offerings from the firearms industry in today's most complete gun book, featuring authoritative articles, product news, and of course the indexed, heavily illustrated arms catalog, a favorite among shooters and collectors. Expert firearms writers offer completely new, carefully researched articles and product reports. The firearm catalog listings include specifications, factory options, model descriptions, photos, and retail prices. All major firearm brands are cataloged, in addition to other lesser-known brands. GUNDEX(R) lists each pistol, rifle, shotgun, and

airgun alphabetically, so it's easy to locate specific models. Also cataloged are scopes, metallic sights, laser sights, and reloading presses. The Arms Library and the Directory of the Arms Trade contain essential reference information. Additional coverage lists ballistics and prices for commercially available rifle and handgun cartridges, while shotshells are listed with loads and prices.- New firearms articles and product news from the best firearms writers- Updated arms catalog displays commercially available firearms- Completely updated reference sections- Color section displays beautifully engraved and custom firearms
