Invaluable for the Working Gunsmith - Hobby or ProBy HemlockWhile not every semi-automatic pistol model can be covered in print, even in a book like this, the representative range here is close enough to many other designs to get you through the assembly and disassembly of guns not listed. As a working gunsmith, this series is invaluable when guns I haven't worked on before, or rarely work on, some into the shop.1 of 1 people found the following review helpful. Good book for gun enthusiasts.By Robert H.

The book has illustrated step by step procedures for disassembling and reassembling a large number of semiautomatic pistols. The steps are easy to understand and should provide aid to any number of people. 2 of 2 people found the following review helpful. Excellent resource and priced right. By DDex This new version is an amazing resource for just about any auto pistol you could imagine having. I am an RSO and I keep it with me on the range to help diagnose problems shooters might have with their pistols.

Gun Digest Book of Automatic Pistols Assembly/Disassembly is the indispensable guide to DIY disassembly, repair, and reassembly of semi-automatic pistols of all types, including many of today's most popular models, including:
