I needed a reference for business reasons.I was not expecting the price guide to be right because everything is selling for less than half of what it did before the recession.The book is all black and white photos but is a good detailed list of the makers items. I have other books with colored photos and they are better at identifying because they figures come in so many shades and colors.I paid to much for this book. It is only \$25 new and is a 1999 print. I paid \$18.50. It is not the book I though I was ordering but it is what I ordered. Only serious collectors would want this book. It has helped me identify figures.1 of 1 people found the following review helpful. Fantastic book!By

ReadingOnTheBeachWow! Love it! This book is a great research tool for any collector of Hagen Renaker. This book is full of many colored pictures.9 of 9 people found the following review helpful. I love this book!By Gayle RollerHagen-Renakers have been a passion of mine since I saw my first "Forever Amber" in the early 1970s. Later, I was driven to collect information on H-R and that drive resulted in the H-R Handbook in 1989 and the Charlton Guide in 1999. To me, Nancy's book transcends the mere information-gathering and tells the Hagen-Renaker story - the whys and wherefores of this bunch of people expressing themselves in clay. They made so many things - goofy, beautiful, bizarre - you just knew something special had to be going on there. The colors and detail of some pieces is just amazing and Nancy's book shows that.I hate to admit it, but sometimes I dream of H-Rs and I absolutely got gooseflesh when I read of Pat Kristof still dreaming of being "at the pottery after all those years." This book is that dream.

Meet the people behind Hagen-Renaker Pottery and enjoy their artistry as this book delves into a behind-the-scenes look at this unique and creative company that has produced fine ceramics since 1946. Realistic and whimsical clay animal figurines are featured in over 480 beautiful color photos creations from Hagen-Renaker. Horses, dogs, frogs, ducks, and more are professionally crafted by the company's talented artists. Highly valued as collectibles, these charming figures were made to be admired. A price guide, information on other potteries of the time, and a look at some Hagen-Renaker imitations are included.
