Great costume reference book!!By kurtis primmThis is a great book if you love the old collegeville ben cooper halloween costumes.This book brought back alot of great childhood memories to me of halloweens long past.The book has tons of great pictures showing in full color all the ben cooper and collegeville costumes, as well as old candy containers,wall decorations, and old jack o lanterns. I highly recommend this book to anyone who loves these old costumes from bygone years, or just a love halloween in general.I am very happy that i purchased this book.1 of 1 people found the following review helpful. but all schiffer books are excellent.By Liz TorgersonGiven as gift, but all schiffer books are excellent.1 of 1 people found the following review helpful. Halloween Costumes Other TreatsBy Jamie666This is an EXCELLENT reference for researching old vintage

Halloween costumes, but better than that, it is one of the most fun books I've ever paged through! In it I was so pleasantly surprised to find an amazing amount of costumes that I never even knew existed! And the amount of pop culture-related costumes (i.e., those of characters from television shows from my youth) is not to be believed! It's also put me on somewhat of a mission to locate even one of the more obscure costumes found in this book - just for fun! The early Halloween decorations chosen for this book are also some of the best vintage Halloween collectibles to be had. You will NOT be disappointed in this wonderful guide!

This book chronicles the history of Halloween in the 20th century through the evolution of related costumes, Jack-O'-Lanterns, decorations, candy containers, and other treats. One could easily view 20th-century Halloween costumes as being a road map through popular cultural history--they reflect fads, television, space exploration, movies, comics, and personalities that shaped the past hundred years. Historians, collectors of Halloween items, and students of popular culture will find this book offers delightful insight into the styles, variety, and current values of ever-popular Halloween gear.

About the Author Stuart Schneider is an authoritative Halloween collector. He has written 10 other books with Schiffer Publishing on a wide variety of subjects, including pens, lighters, Abraham Lincoln, and the Space Race.
