Hand Weaving Patterns From Finland

Helvi Merisalo, Viivi Pyysalo : Hand Weaving Patterns From Finland before purchasing it in order to gage whether or not it would be worth my time, and all praised Hand Weaving Patterns From Finland:

1 of 1 people found the following review helpful. Great resource!By ilma tikkanenVery informative, useful for the class that I am taking. It's good to use as a reference and doesn't overwhelm you with overly technical details.1 of 1 people found the following review helpful. Good book, but not Traditional Finnish weavingBy Jennifer HillI had hoped that there would be more weaving in the Finnish Tradition, but, by 1960, we were "modern". It is a lovely book, some nice drafts I'd very glad I bought it, however.If you can find it, buy it.

The 56 pages on this book are packed with inspiring projects for weaving 21 different kinds of articles: apparel, linens, draperies, upholstery, etc. In all it offers 122 complete projects, each with its draft and photograph.
