Handbook of Marks on Pottery and Porcelain

W. Burton, R. L. Hobson : Handbook of Marks on Pottery and Porcelain before purchasing it in order to gage whether or not it would be worth my time, and all praised Handbook of Marks on Pottery and Porcelain:

A reliable pocket volume containing the authentic and indisputable marks of the pottery and porcelain of the best collectors' periods from the Middle Ages through 1850, and a selection of modern marks. Marks are arranged geographically, with the different species of ware being separately treated wherever practicable. Multiple indices provide ready reference to each mark and factory (indices of names, of initials, of oriental marks and names, and of marks other than names and initials). Covers Italy, Germany, Austria-Hungary, Holland, Belgium, Scandinavia, Russia, Switzerland, Alsace-Lorraine, France, Spain, Portugal, Great Britain, America, Persia, the Near East, China, and Japan.
