Handbook of Timesaving Tables for Weavers, Spinners and Dyers

Bettie G Roth, Chris Schulz : Handbook of Timesaving Tables for Weavers, Spinners and Dyers before purchasing it in order to gage whether or not it would be worth my time, and all praised Handbook of Timesaving Tables for Weavers, Spinners and Dyers:

1 of 3 people found the following review helpful. timesaving reference for all weavers, spinners, dyersBy Spinster K WilliamsSmall reference full of timesaving information in table formats for weavers, spinners and dyers. One for the home library for sure.3 of 3 people found the following review helpful. The Best Basic Reference for WeaversBy Beth AdcockI had a copy of this book many years ago, when I first started weaving, but it went missing. Since I couldn't find the name of it, and people kept suggesting another title (which can't hold a candle to it), I was unable to replace it. Finally, I found a reference to it online, on a weaver's forum, and ordered another copy. It's much easier to use this than to have to look up basic measurements, and other handy information in weaving textbooks, and I'm awfully glad to have this at my fingertips again!

A handbook of detailed information for novice to expert textile artists.
