(Ebook free) Handguns '97 (9th ed)

Handguns '97 (9th ed)

From Brand: Dbi Books : Handguns '97 (9th ed) before purchasing it in order to gage whether or not it would be worth my time, and all praised Handguns '97 (9th ed):

Handguns may be the most controversial of firearms to some, but to many aficionados they are them most interesting and most complex. This very successful annual gives them a complete report on new handgun developments, previews on what's ahead, and much more. There's a complete catalog of all handguns currently manufactured in or imported to the U.S. with all specifications and prices, plus lots of data base information useful to the handgunner.
