Handloader's Digest 1996

From Brand: Dbi Books : Handloader's Digest 1996 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Handloader's Digest 1996:

Now in a completely refurbished format, the Handloader's Digest contains the finest writing available on all facets of handloaded guns, both technical and informational, from rating the true efficiency of cartridge to loading the blackpowder big bores; from developing wildcat cartridges to the proper operation of a progressive reloading press.
