Pablo Picasso : Six Picasso Postcards (Small-Format Card Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised Six Picasso Postcards (Small-Format Card Books):

4 of 4 people found the following review helpful. Not an expert by any meanBy D. LuI'm not an expert by any mean, I just enjoy some of Picasso's work, so take this with huge grains of salt. While this book is of good value, 6 cards for 1.50, but I was not as impressed with the selection of art that's included. The one on the cover is the only one I like from the set.

Excellent reproductions of paintings by renowned 20th century artist whose works embraced and helped define major artistic movements of the modern era. Mini-collection includes nudes, a self-portrait, the artist and his model, and

more. For lovers of modern art and admirers of Picasso's innovative and influential work.
