A fun way to teach good lessonsBy Dena Miller"Slovenly Peter" is a book from my own childhood, and it is still a great gift for young ones up to about age ten. It teaches without being preachy; children learn to be neat and courteous. The illustrations are great.0 of 0 people found the following review helpful. My Favorite Children's BookBy Paul AndersonThis edition contains all the original drawings I remember from the 60's. The binding is good and the size is as I remeber. I would recommed this to any parent that wants their children to have a well rounded exposure to ideas.0 of 0 people found the following review helpful. Five StarsBy
