boyThis book is part of a series of 6 volumes, each containing detailed notes and numerous illustrations on Napoleonic costumes and accesories. The text is in French, the illustrations are amateurishly executed but the overall effect is sumptious. There are so many numerous schematic plates on details in the uniforms such that any serious research on Napoleonic uniforms cannot ignore these series.This particular volume covers costumes and items from Napoleon's coronation, Insignia of senior officials and flags.

5th volume of this spectacular seriesFrench Text
