(Download) Standard Catalog of American Light Duty Trucks, 1896-1986 (Standard Catalog of American Light-Duty Trucks, 1896-2000)

Standard Catalog of American Light Duty Trucks, 1896-1986 (Standard Catalog of American Light-Duty Trucks, 1896-2000)

From Motorbooks Intl : Standard Catalog of American Light Duty Trucks, 1896-1986 (Standard Catalog of American Light-Duty Trucks, 1896-2000) before purchasing it in order to gage whether or not it would be worth my time, and all praised Standard Catalog of American Light Duty Trucks, 1896-1986 (Standard Catalog of American Light-Duty Trucks, 1896-2000):

1 of 1 people found the following review helpful. Excellent factual reference book!By S. BorrelliThis is a interesting book giving you all the facts and information on trucks. This book will benefit anyone looking to buy or restore an older truck. You have the sales figures to determine its rarity, and truck specs so you know if it's original. The book gives very good details on every truck manufactured and sold in the States. Pictures are clear (black and white) with

good detail. This book is not only educational and factual, but interesting reading. Take the book with you or keep it in your vehicle if your looking to buy an older truck. Any truck buff would love this. It's a must have book!1 of 1 people found the following review helpful. Great for lesser known trucks - scant info on popular onesBy Davep!For vehicles with scant data out there, I imagine this is an invaluable reference. For vehicles that have achieved some popularity (let's say 67-72 GM trucks, for example) there's far more data elsewhere and free on the Internet.Also, I found a number of errors in the sections where I knew something about the vehicle in question, so am not sure how reliable the information is on the ones that I wouldn't be able to spot an error!0 of 0 people found the following review helpful.

Five StarsBy VanessaGreat deal

This catalogue contains comprehensive year-by-year data and specifications on all popular American-made trucks through 2000. There are nearly 10,000 listings and 60,000 prices in six grades of condition for trucks through 1993, and a directory of nearly 600 lesser-known truck makes.
