Standard Catalog of Ford, 1903-2003

John Gunnell : Standard Catalog of Ford, 1903-2003 before purchasing it in order to gage whether or not it would be worth my time, and all praised Standard Catalog of Ford, 1903-2003:

0 of 0 people found the following review helpful. This publication has all the basic information. One wishes ...By Lyle E. BrowningThis publication has all the basic information. One wishes it were digital so that the info could be compared with other comparable info.0 of 0 people found the following review helpful. All about FordsBy Ronald N. McmillanI am a classic car nut and particularly like old Fords. This book is full of facts, figures, pictures, and other interesting things about most every Ford ever made.0 of 0 people found the following review helpful. Good up to 1999By RSR2000-03 and up has limited, generic information. If you have the 2nd edition, don` t waste your money on this one.

Celebrate 100 years of the Ford Motor Company in this 642-page volume devoted to Henry Ford's automobiles. Collectors and FoMoCo fans will enjoy thorough coverage of 100 years of their favorite automobiles in this latest update to the Standard Catalog series. Information on more than 4,000 Ford Motor Company cars produced from 1903 to 2003 includes facts, figures, and historical background on each marque and model. The updated pricing section includes 25,000 listings and features collector values for models through 1994 using the Old Cars Price Guide's 1 to 6 condition rating scale. This new edition features updated coverage of all Ford, Edsel, Lincoln, Mercury, Mustang, and Thunderbird marques. Model listings include vehicle descriptions, vehicle identification number explanations, original price and weight data, engine and chassis details, optional equipment and technical information, performance figures, and historical facts.
