The most used of my shelf of books on firearms.Buy it!0 of 0 people found the following review helpful. a pretty nice CatalogBy John Wilbur WilliamsIt's actually, a pretty nice Catalog. However, I don't feel that it is detailed enough, in some areas. I also, have some questions on pricing.0 of 0 people found the following review helpful. Great Kindle book!By HarvThis kindle edition has a searchable index so it is easy to use.

Your No. 1 guide to military guns! From military handguns, rifles and shotguns to Class III automatic firearms, Standard Catalog of Military Firearms, 8th Edition, is the complete, illustrated military firearm pricing and identification guide to the world's military firearms. This completely updated edition includes more than 2,000 models of military firearms manufactured since 1870, as well as more than 1,600 photos. From Mauser 98s to M1 Garands and Russian guns, it's all here.
