Standard Catalog of Schwinn Bicycles

Doug Mitchel : Standard Catalog of Schwinn Bicycles before purchasing it in order to gage whether or not it would be worth my time, and all praised Standard Catalog of Schwinn Bicycles:

49 of 50 people found the following review helpful. Don't waste your money - There are better books By D. C. Young After reviewing this book I was very disappointed. The title should have been "just another picture book of a few guys bikes". The title "standard catalog" is very deceiving. The content does not even scratch the surface of the vast array of of bicycles built by Schwinn down thru the years. There are no charts of models built, no production numbers, no serial numbers, really nothing in the way of valuable information to the collector. Nothing more than pictures of a select few bicycles and some cheesy history thrown in for copy. Even my untrained eye spotted several inaccuracies in the pictures of the restored bicycles shown. I will say that the photography is quite good and the paper quality is great. My "new" copy arrived with the binding separating and some pages coming out. This would make an excellant book to keep next to the commode in case of emergency!!! Perhaps the next time the author decides to tackle

such an undertaking, some amount of research would be in order instead of relying on the Schwinn name to sell a book. I'm not into burning books but this one comes close. 0 of 0 people found the following review helpful. It is full of colorful pictures and great memories. By Blue Ribbon Books popular book for Schwinn fans. It is full of colorful pictures and great memories. 1 of 1 people found the following review helpful. This book showcases some of the most beautiful bicycles ever built. By Tim Swike This book showcases some of the most beautiful bicycles ever built. If you really appreciate the craftsmanship of the vintage American bicycles, you will love this book!

- 350 full-color photos of Schwinn bicycles through the years - Narrative discusses available options and accessories -
Covers the extremely popular new Sting Ray
