Standard Catalog of United States Paper Money

Chester L. Krause : Standard Catalog of United States Paper Money before purchasing it in order to gage whether or not it would be worth my time, and all praised Standard Catalog of United States Paper Money:

0 of 0 people found the following review helpful. Five StarsBy Ralph MansiI always use Chesters books to check the value of my collections (Coin and Currency)0 of 0 people found the following review helpful. Five StarsBy donald frazeeGreat36 of 39 people found the following review helpful. An excellent basic currency reference.By A currency loverThis work, along with Friedberg's book and Hessler's work, make up the three primary basic reference works on United States Currency. The Catalog contains an excellent reference section on National Bank Notes, receiving much more press than in Friedberg's work. The pricing, while out of date, is actually fairly realistic in today's market, unlike the Black Book or even Friedberg's book. A great plus is that this work is cross referenced by Friedberg Numbers, which are the standard cataloging numbers used by all dealers and collectors in the hobby. Well worth the investment!

Eighteen previous best-selling editions are a solid demonstration why collectors and dealers rely on each updated edition of this essential volume. This edition covers the various forms of U.S. printed currency issued during the past 188 years. Small notes, large notes, national bank notes, U.S. Treasury notes, Civil War substitutions, postage stamp envelopes, error notes and more are all cataloged. Categories are listed by denomination rather than obligation for easier identification. More than 5,500 currency items are fully updated with 14,000+ valuations. Also included is a detailed 15-page guide to authentication and a comprehensive checklist of national bank notes with rarity designations. -188 years of paper money. -600 high-definition photos for positive identification. -Valuations for over 5,500 currency items in three grades of condition. -Essential information on design, authenticity, signers, illustrators and more.

About the Author Chester L. Krause started Krause Publications in 1952 with the first issue of Numismatic News. In 1972, he and Clifford Mishler coauthored Standard Catalog of World Coins. This hobby standard launched the beginning of book publishing at Krause Publications, sparking the flame that would help create the worlds largest hobby and collectibles publisher. Since 1952, Chet has been a steadfast figure in the numismatic world. Joel T. Edler is a senior sales and market analyst of numismatics, employed by Krause since 1984. He has also edited the Standard Catalog of United States Paper Money and provided pricing information to the most recent editions of North American Coins Prices.
