Fun to browse.By Just some guyInteresting fat tome on everyone's favorite topic, money, to have around for a browse now and then...Only wish it were in color. My used ex-library copy lacked its CD, so I can only speak of the book itself. Maybe later editions will be (or already are?) in color.0 of 0 people found the following review helpful. A little outdated, but still a good referenceBy Robert HarrisI collect world currency and I use this book to decipher those notes that I can't understand. It is a good reference book even though it's out of date. I don't care about the pricing, I want to be able to get basic information on a note and that it has. Well worth the price, which is very reasonable.
