Standard Guide to Small-Size U.S. Paper Money - 1928-Date (Standard Catalog)

John Schwartz, Scott Lindquist : Standard Guide to Small-Size U.S. Paper Money - 1928-Date (Standard Catalog) before purchasing it in order to gage whether or not it would be worth my time, and all praised Standard Guide to Small-Size U.S. Paper Money - 1928-Date (Standard Catalog):

2 of 2 people found the following review helpful. Great starter bookBy Buy"erColored photos so you can compare to the money in front of you. Great descriptions. Full of information. Great book if you're just learning.2 of 2 people

found the following review helpful. must haveBy Chris W.very handy when you are pricing paper money. a good starting point when doing so; obviously professional grading is the preferred, but hey, you gotta start somewhere! high quality pictures inside to compare yours with what the book has listed, and is easy to find your denomination and year inside the book.0 of 0 people found the following review helpful. Good valueBy John R. OkersonWhile this is not the latest edition of this title and the internal pictures are in black white, it fully met my needs. The price was right too!

Serving collectors and dealers turned into the profitability of the small-size market, this edition delivers the most up-to-date census of small-size currency available. Readers will discover listings with precise population figures, serial number listings, 400 color photos and descriptions for experimental notes, mules and blocks, from the first small-size notes to present issues.Only book with the most up-to-date census of all U.S. small-size currencyProvides values in line with the current market, up to 20 percent greater than pricing in the previous editionFirst edition to feature full-color photos
