One came with a price sticker stuff to the front.It looked like someone had tried to peel it off and couldn't so they sent it anyway. It took me an hour to scrape itoff and left marks on the cover of the book. No time to return it. Very disappointed.0 of 0 people found the following review helpful. Four StarsBy Baorong LiI like this product; but sometimes, the defect rate is too high, mainly with the hinges.1 of 1 people found the following review helpful. Great gift for a kidBy Thomas D. SmolenskiMy little girl loved it. Best 10 bucks I've spent to make a child smile. Well made and well worth the money. Delivered within a week to Okinawa, Japan.
